PROFESSIONAL SUMMARY

Data Analyst fresher with a strong academic background in BA History and hands-on experience in Advanced Excel, SQL, Power BI, and Python. Completed a professional Data Analyst course in May 2025, followed by a 1-month internship at Cognifyz Technologies (September 2025) and a 3-month Data Analytics internship at Unified Mentor, working on real-world datasets, data cleaning, analysis, and dashboard creation. Skilled in transforming raw data into meaningful insights through EDA, visualization, and reporting. Highly motivated, detail-oriented, and eager to contribute to data-driven decision-making in an entry-level Data Analyst role.

EDUCATION

2019-2023	Bachelor of Arts (B.A.) —Magadh University, Bodh Gaya	(72%)
2019	Class 12 th B.S.E.B	(66.4%)
2017	Class 10 th B.S.E.B	(48.6%)

TECHNICAL SKILLS

<div><div></div><div>Advanced Excel: Pivot Tables, Power Query, XLOOKUP, VLOOKUP, INDEX-MATCH, Dashboards, Conditional Formatting, Basic VBA</div></div>
<div><div></div><div>SQL: Joins, Subqueries, CTEs, Window Functions, Group By, Having, Data Aggregation</div></div>
<div><div></div><div>Power BI: DAX, Data Modeling, Interactive Dashboards, KPIs, Slicers, Drill-through</div></div>
<div><div></div><div>Python: Pandas, NumPy, Matplotlib, Seaborn, Data Cleaning, EDA</div></div>
<div><div></div><div>Data Skills: Data Cleaning, EDA, Reporting, Visualization, Trend Analysis</div></div>
<div><div></div><div>Statistics: Descriptive Statistics, Mean, Median, Standard Deviation, Correlation</div></div>
<div><div></div><div>Tools: Excel, Power BI Desktop, MySQL, Jupiter Notebook, GitHub, Google Colab, Google Sheet</div></div>

INTERNSHIP EXPERIENCE

Data Analyst Intern — Unified Mentor (Remote)

(3 Months)

<div><div></div><div>Worked on real-world datasets to perform end-to-end data cleaning, preprocessing, and validation across multiple projects.</div></div>
<div><div></div><div>Conducted Exploratory Data Analysis (EDA) using Python (Pandas, NumPy) for projects including Netflix Data Analysis, Olympics Data Analysis, and Electric Vehicle Sales in India.</div></div>
<div><div></div><div>Built insightful data visualizations using Matplotlib and Seaborn to identify trends, patterns, and outliers.</div></div>
<div><div></div><div>Wrote SQL queries involving joins, aggregations, subqueries, and CTEs to support analytical requirements.</div></div>
<div><div></div><div>Created interactive dashboards using Advanced Excel and Power BI for projects such as Electric Vehicle Sales by State in India.</div></div>
<div><div></div><div>Applied feature engineering techniques including date extraction, duration processing, and categorical handling for datasets like Netflix content and Olympics data.</div></div>
<div><div></div><div>Developed Power BI reports with DAX measures, KPIs, filters, and slicers to present business-ready insights.</div></div>
<div><div></div><div>Completed domain-based analysis projects such as Drugs, Side Effects, and Medical Conditions Analysis using structured EDA.</div></div>
<div><div></div><div>Prepared final insights, conclusions, and documentation for all completed projects and submitted them successfully.</div></div>

Data Analyst Intern — Cognifyz Technology (Remote)

(1 Month)

<div><div></div><div>Worked on real-world datasets for data cleaning, preprocessing, and validation.</div></div>
<div><div></div><div>Performed Exploratory Data Analysis (EDA) using Python (Pandas, NumPy).</div></div>
<div><div></div><div>Created meaningful data visualizations using Matplotlib and Seaborn.</div></div>
<div><div></div><div>Analyzed data using SQL queries including joins, aggregations, and subqueries.</div></div>
<div><div></div><div>Built interactive dashboards using Advanced Excel and Power BI.</div></div>
<div><div></div><div>Developed Power BI reports with DAX measures, KPIs, and slicers.</div></div>
<div><div></div><div>Presented final insights and analysis reports to mentors.</div></div>

Certification

Data Analyst Certification — PW Skills May 2025
Data Analytics Program (3 Months) – Unified Mentor Jan 2026
